

UGPS – Official Capability Statement

United Government Procurement Solutions LLC (UGPS)

Zero-Upfront Government Furniture Fulfillment Model

City • County • State • Federal (up to \$250k per order)

UGPS provides turnkey furniture sourcing, delivery, and assembly for government agencies using a fully subcontracted, zero-inventory fulfillment model. We coordinate suppliers and insured installers from quote to completion — ensuring low risk, fast turnaround, and consistent reliability.

Core Competencies

- Commercial and office furniture sourcing
- Turnkey delivery & professional assembly
- End-to-end project coordination (quotes, POs, logistics, sign-off)
- Subcontracted, insured installers with statewide and regional coverage
- Government procurement support (micro-purchases, city/county/state buyers)
- Additional services available upon request include installation-only projects, furniture removals, relocations, and storage-to-delivery support.

Differentiators

- Zero-upfront fulfillment model (no warehouse, no inventory, ultra-low risk)
- Fully automated backend (quotes, POs, tracking, invoicing)
- Professional installer network with statewide and expanding national reach
- Consistent fast turnaround for government buyers
- Built specifically for long-term government partnerships

Target Customers

- City, county, and state agencies
- Public schools & districts
- Colleges & universities
- Public safety & administrative offices

Geographic Coverage

- Primary: SC, NC, GA, TN, VA, FL
- Expansion: Southeast region → nationwide rollout underway through expanding installer network
